

CROMWELL ROAD,

SOUTH KENSINGTON,

LONDON, S.W.

22 June 1882

My dear Dr Gray

Mr Britton is away
on holiday - I put your Enquiry
into the hands of my colleague
Mr Fawcett who takes charge
of the *Compositae* - He has sought
out the plants, and made a
note on them which I enclose -
He pointed out to me the
points to which he refers, and
I agree with him that Chap-
man's plant is another species.

We fortunately are able to
send you a specimen of
Nuttall's plant - Would a

Set of Angelo plants in of
any service to you? -

Dr. Freeman has just
returned for a short holiday
of six weeks. He is looking
very well -

With kindest regards
believe me ever

Faithfully yours

Wm. Carruthers
